NEW BOOKS AND BOOKS REVIEWED.

Explanation. *Titles not starred* represent new publications announced in the standard publishers' lists since the last issue of the bibliography. A *star prefixed* to a title indicates that it was taken from a review of the work in the periodical cited after the title. It may or may not be a new announcement. The *arithmetical signs* following the citation to a review indicate the tenor of the review: × uncertain; +, favorable; −, unfavorable; +−, favorable, but with reservations; −+, unfavorable, but with commendation; ++, very favorable; −− very unfavorable; ++−, very favorable, but with reservations; −−+, very unfavorable, but with commendation. Absence of any sign indicates that review has not been read. The *publication date* when not given is understood to be the current year. *Prices quoted* are usually for volumes bound in cloth in the case of American and English books, in paper in the case of all others. *New editions, translations, and new periodicals* are bracketed.
